Check now and again that the wall elements can freely expand and shrink. If necessary, release the screws in the connection of the terrace for a short time.
 Von Zeit zu Zeit prüfen, dass die freie Ausdehnung/Schrumpfung der Wandbauteile gewährleistet ist. Bei Bedarf kurzzeitig die Schrauben der Terrasse lösen.
 Contrôler de temps en temps s'il y a assez d'espace pour permettre à la structure de remonter/se rétrécir sans problème. Si nécessaire, dévisser un peu les vis de fixation au mur de l'abri pendant quelque temps.

Di tanto in tanto, verificare che le travi abbiano la possibilità di adattarsi a seguito della naturale espansione/contrazione. Se necessario, allentare temporaneamente le viti di fissaggio della terrazza alla struttura del capanno.

Controleer af en toe of de vrije uitzetting/krimp van de muur delen gewaarborgd is. Maak indien nodig de schroeven van de verbingsplank van het terras tijdelijk los.

Aeg-ajalt kontrollige, et oleks tagatud seinadetailide vaba paisumine-kahanemine. Vajadusel vabastage lühiajaliselt terrassi ühenduslaua kruvid.
